为顶轮充电

顶轮能量盈。你的福气满满

顶轮，人体百会穴-是诸阳之会，也是人体对接宇宙自然界的能量中心.能量稳定、强大；则精气神足.自身气场强大；则可以自我主导，不受到外来的负能量影响.在玄学的角度，就是可以“趋吉避凶”。Nutri Rose.使用的花精油，特别针对头部能量的循环与共振.给你在新的一年里。能量满满。福气满满。

The crown chakra, also known as the Baihui acupoint in the human body, is the meeting point of all yang energy and serves as the energy center connecting the human body with the universe and nature. When energy is stable and strong, it enhances vitality, spirit, and mental clarity. A strong personal energy field enables self-mastery and prevents the influence of external negative energies. From a metaphysical perspective, this helps to “attract blessings and avoid misfortune.” Nutri Rose uses flower essential oils specifically designed to enhance the circulation and resonance of head energy. It fills you with abundant energy and blessings for the new year.
